2)	In the "SEARCH" bar enter "Spybot Search & Destroy" (without the quotes) and then click on the green "GO $>>$ " button to the right.
	get it all Search Spybot Search & Destroy In Windows 💽 Со» Армансер зеавсн
	↑

3) If the search does *not* return something like the example below, then recheck your spelling.

4) When the search returns with something like the example below, then click on the green button next to "Download Now" on the far right.

Spybot - Search & Destroy 1.3 pop Search your hard disk and registry for threats to your security and privacy. OS: Windows (all) File Size: 4.15MB License: Free	05/12/2004 new	80% 4 129 votes	Read review	18,928,947	Download Now
--	-------------------	---------------------------	-------------	------------	--------------

5) Once you've clicked on the Download Now button described above, you should get a popup similar to the "File Download" example below. Click on the "Save" button to save it to disk.

\bigcirc	looks suspicious, or y save this file.	ou do not fully t	rust the source,	do not open or
	File name: spyt	ootsd13.exe		
	File type: App	lication		
	From: ftp.	download.com		
	This type of file malicious code.	could harm your	computer if it c	ontains
	Would you like to op	en the file or sav	e it to your com	nputer?
	Open	Save	Cancel	More Info
	Always ask befor	e opening this ty	rpe of file	

6) The next dialog box should look similar to the example below. These instructions assume that the file is being saved to your computer's desktop. Once the destination folder (the desktop is also considered a "folder") is set to the "Desktop", then click on the "Save" button.

- 8) Please notice whether or not the checkbox (Close this dialog box when download completes) is checked on the box shown above. If it is checked, then the box/window will close on its own. Otherwise, you will have to click the "Close" button on the lower right manually.
- 9) Exit your web browser.

O) Find the icon on your desktop named "spybotsd13" (or something similar) as shown, and double-click it to open it and install the program.
Select Setup Language Select the language to use during the installation: English OK
We will assume that you are using English to use during installation, so just click on the "OK" button to proceed (in the example above on the right).

12) When the Welcome window is displayed, close your other applications and then click the "Next" button.

13) When the "License Agreement" window is displayed, you need to click on the radio button to the left of "I accept the agreement" and then click on the "Next" button.

Ĩ	Setup - Spybot - Search & Destroy License Agreement Please read the following important information before continuing.	
	Please read the following License Agreement. You must accept the terms of this agreement before continuing with the installation.	
	Dedication Public License (DPL) By downloading the archive, you confirm your agreement in this license.	-
	I. Freeware First of all, the reasons why Spybot-S&D is free: I.a. Dedication Sorubot-S&D is dedicated to the most wonderful gift on earth :)	•
	 I accept the agreement I do not accept the agreement 	_
	< Back Next>	Cancel

14) When the "Select Destination Location" window comes up, leave the specified path as displayed, and click the "Next" button.

🚏 Setup - Spybot - Search & Destroy	<u> </u>
Select Destination Location Where should Spybot - Search & Destroy be installed?	
Setup will install Spybot - Search & Destroy into the following folder.	
To continue, click Next. If you would like to select a different folder, click Browse.	
CAPtogram Files\Spybol - Search & Destroy Browse	
At least 8.9 MB of free disk space is required.	
< Back Next > C	Cancel

15) When the "Select Components" window is displayed, it is recommended that you de-select (click to turn off the check boxes) for "Additional languages" and "Skins to change appearance" to keep the install size to a minimum.

Select Components		<u><</u>
Which components should be installed?		
Select the components you want to install; clear the co install. Click Next when you are ready to continue.	mponents you do not want to

L Current selection requires at least 11.5 MB of disk space	e.	
< Bac	k Next > Cancel	

16) When the "Select Start Menu Folder" window is displayed, just click the "Next" button near the lower right of the window. If you do **not** want a Start Menu entry, then click the check box near the lower left labeled "Don't create a Start Menu folder" first.

17) When the "Select Additional Tasks" window is displayed, you may choose (by checking the appropriate box) whether or not you want a desktop icon to run "Spybot Search & Destroy", or a quick launch icon (the small ones just next to the "Start" button on the task bar. If you're not sure, then just click on the "Next" button to proceed.

Select Additional Tasks Which additional tasks should be performed?	
Select the additional tasks you would like Setup to perform while installing Spybot - Search & Destroy, then click Next. Additional icons: In Create desk top icons	
Create a Quick Launch icon	
Permanent protection:	
Use Internet Explorer protection (SDHelper)	
Use system settings protection (TeaTimer)	
< Back Next >	Cancel

18) At this point, you are ready to actually install the application. Click the "Install" button to proceed.
1문 Setup - Spybot - Search & Destroy
Ready to Install Setup is now ready to begin installing Spybot - Search & Destroy on your computer.
Click Install to continue with the installation, or click Back if you want to review or change any settings.
Destination location: C:\Program Files\Spybot - Search & Destroy
Custom installation
Selected components: Main files
Start Menu folder: Spybot - Search & Destroy
Additional tasks:
< Back Install Cancel

19) During the installation process, you will see the "Installing" window with a progress bar showing the progress. When it is finished, you'll be presented with the completion window. Both are shown below:

ap - Spybol - Search & Destroy	
Please wait while Setup installs Spybot - Search & Destroy on your computer.	
Extracting files	
C. Artogram Piles/Spybol - Sealch & Desitoy Andiques/Stanop.thio	
	-
	[[[]]]

20) There are two possible scenarios at this point – depending on the operating system running on your computer.

If you are running some versions of windows, the installation routine may ask you to reboot your computer prior to using the program. At this point, the "Completing the Spybot – Search & Destroy Setup Wizard" will present you with one of two possible windows – as shown below and on the next page:

21) The "Completing the Spybot – Search & Destroy Setup Wizard" window may present you with a choice of whether or not to start running the program at this point.

7 Setup - Spybot - Search	& Destroy
	Completing the Spybot - Search & Destroy Setup Wizard Setup has finished installing Spybot - Search & Destroy on your computer. The application may be launched by selecting the installed icons. Click Finish to exit Setup. Im SpybotSD.exe
	Einish

22) If you wish to start running *Spybot – Search & Destroy*, then just click on the "Finish" button near the lower right of the completion window.

If you need assistance with using Spybot Search & Destroy, please download the PDF document "Using Spybot Search & Destroy" from www.networkeval.com.
